

WALL SPOUTS

Atlantic's Wall Spouts add old world charm with a modern twist. Cast from three pounds of solid brass, these spouts have an oil rubbed bronze finish that evokes the past while fitting in perfectly with contemporary walls and patios. Available in two styles.

Add a SOL LED Spout Light to illuminate your spouts in the evening. Available in Warm White and Color Changing.

FLEXIBLE BASINS

Atlantic's Flexible Basins are the perfect choice for custom block reservoirs up to eight feet wide. Available in Tan and Grey, these rip stop PVC reservoirs eliminate corner folds and wrinkles of makeshift EPDM constructs. Includes 10"x10" backing plates for plumbing submersible or external pumps.

- Sizes: 4' W x 2' D x 16" H
- 6' W x 2' D x 16" H
- 8' W x 2' D x 16" H

FORMAL SPILLWAY SYSTEM

To make installing our Formal Spillways even easier, we have Basin Kits in three sizes that are perfect for all of our spillways. Elevated or below grade and flush with your patio, these basin kits are universal and versatile. From the pump to the fittings, the glue to the flexible tubing, these kits have it all.

FOUNTAIN SYSTEM

Atlantic Fountain Basins are the best-designed on the market, with deep plumbing channels on top of the basins, internal support cones, easy access pump chambers and external flow adjustment for convenient installation and maintenance. Pair with our Color Changing Vases or choose a favorite from your local supplier.

ECO-RISE & 3-WAY DIVERTER

The extremely strong radial structure of the Eco-Rise handles the weight of heavy fountain pieces whether its oversized and bulky or narrow with a focused load point. This unique design provides a stable base over Atlantic Eco-Blox and can be used in conjunction with the 3-way diverter; allowing for flow control of up to three fountain pieces.

With stainless steel mounting brackets and replaceable, weatherproof, cast brass lighting fixtures, Hardscape Lights allow for simple installation and the ability to replace lights without having to compromise the integrity of your wall. Hardscape Lights are available in 6" and 12" sizes for a variety of projects. With the capability of being submersed in water or staked into landscaping, the possibilities are endless with SOL spot lights and light rings. Create a vibrant atmosphere with Color Changing lights (48 colors) and control them all by remote! All SOL Lighting is available in Warm White and Color Changing.

Color Changing Colorfalls are available in 4 sizes, 6", 12", 24" and 36" and feature a modular design that allows you to connect up to five units to control with one remote. Included with every Colorfalls is a 12 volt control module with weather resistant enclosure and remote control. With a one year warranty, energy efficient LEDs and easy maintenance, these Colorfalls will be sure to add elegance to your hardscape.

24"

Splash Rings keep stones in place and splash at bay with style. As effective as our splash mats, these 304 stainless steel mesh ovals are as versatile as they are attractive. Place a SOL LED Light Ring under the mesh to illuminate the falls from below while hiding the light from direct view. Available in Brushed Stainless Steel or Antique Copper Finish and three sizes: 12", 24" & 36"
